

THE BECOMING A SUN WORKSHOP

*Emotional and Spiritual Intelligence
for a Happy, Fulfilling Life*

**7:30 p.m. Tuesday, March 17,
to 6 p.m. Saturday, March 21, 2020
Sunrise Ranch, Loveland, Colorado USA**

Join me on an uplifting, empowering journey to explore our personal destiny. You will have the opportunity to gain a profound insight into the significance of your own life story. You will see how the issues that challenge us are also doorways for our own creativity. You will learn to access that creativity in new and empowering ways. Most important, you will connect deeply with your own destiny and the destiny of all humankind—to become on the outside what we already are on the inside; to become a sun. This workshop is based on my book of the same title.

— David Karchere

Become a sun. The world needs your warmth, your light, your gravity. It's who you already are on the inside, and everything in your life is conspiring for you to bring it forth.
